Dear Mr. Powell and FCC members:

Do not change regulations regarding ownership of media. Do not permit wider-scale ownership of media by one group or individual, i.e., do not allow greater consolidation of media ownership. Do not change current regulations. To do so will damage ordinary citizens by reducing their ability to receive various viewpoints on issues. If Americans cannot be fully informed, our country will suffer, our democracy will be weakened--and we as a people will be weakened.
